

Fenton Flying Start

Admissions Policy

Our group is accessible to children aged 2-3 from all sections of the local community who live in the postcode area, have an agreed outreach referral or you are living in a Flying Start expansion area.

The Flying Start Health visitor will inform parents of the offer for their child to attend Flying Start during a home visit. You will then have contact with the leader of Fenton Flying Start to arrange a visit.

Parents/ Guardians will be invited for an intake meeting with the playgroup Leader in the term of their child's second birthday. We will discuss the offer and allow parents the opportunity to ask questions and decide if they would like to accept this offer.

Parents/Guardians will be asked to sign a contract stating the amount of days they would like their child to attend the playgroup.

The Playgroup Leader will monitor the gender and ethnic background of children joining the group to ensure no accidental discrimination takes place.

Make the Equal Opportunities policy widely known.

All families will receive a welcome pack which will include details of all policies, opening times, address and telephone number of the playgroup and information about how the playgroup is run.

The playgroup is happy for the parents to change their contract at the end of each term to ensure staffing numbers are correct for ratio.

Any queries please contact the playgroup leader on 01437 765378 opt 4 or 07979169631.
